

Dr. Avinash (Nash) Palaniswamy
Chief Commercial Officer

Nash is responsible for sales, marketing and delivering revenue at Quantinuum. He was previously responsible for delivering revenue at Intel's High-Performance Computing and Graphics, and Datacenter and AI groups, and led the taskforce that delivered the "heterogenous product roadmap", giving him a highly relevant interest in the enterprise application of hybrid quantum-classical computing. Throughout his career, Nash has held various leadership, strategic and engineering roles and today indulges his passion in artificial intelligence by advising and mentoring a number of small startups. Nash holds three patents and was honored for his contribution to the #1 system in the Top 500 list of the world's fastest supercomputers. He holds a Ph.D. and M.S. from the University of Cincinnati in Electrical and Computer Engineering and earned his B.S. in Electronics and Communications Engineering from Anna University, Chennai India).
