

Sohil Bhagat is a Managing Director at pi Ventures, India's premier deep-tech focused fund. Currently deploying out of a \$85M Fund II, pi Ventures backs disruptive tech ventures solving global problems thus creating 10x differentiated businesses. The fund portfolio includes world leading technology companies like Agnikul, Pixis, Wysa, Niramai and Silence Laboratories, among others.

Sohil is an alumnus of IIT Delhi and began his career as a management consultant before transitioning to business and product leadership roles across startups, where he consistently drove 20–50x growth and built innovative tech-led solutions from the ground up. He is deeply passionate about the deep-tech ecosystem in India and firmly believes in its long-term potential to shape global innovation.
